

National Project announced

PROJECT CHERISH is the name of the New National Project for Jamaican Soroptimists for the period 2021-2023. National President Ellen Campbell Grizzle, who selected this project, shared with the Clubs that persons in Jamaican infirmaries need personal care . “ We will cherish these seniors and raise their spirits . These are among the forgotten ones.” she said. Under the Project, each club will map out the infirmaries in their region, contact the relevant institution , collect and bag donated items for handing over. “SIJ National will provide branded bags for the clubs . “ President Ellen said.

The CHERISH Bags will be available through the Dinky Shoppe on the National Website that is now under construction for a January 2022 Launch.
